DETAILED ACTION

Allowable Subject Matter

1. Claims 1-4, 8-11, 14, 15, 17, 18, 20-22, and 24-26 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant has amended the independent claims to include the limitation that the axis of incidence light and the axis of light emitted by the channel-changing prism are substantially parallel. As discussed by the applicant in applicant's argument's received on 2/6/2007, this is not what is shown by Kuiseko as was stated in the previous office action of 10/6/2006. Accordingly since neither Sawamura or Kuiseko teaches the claimed limitation and no other prior art was found that either alone or in combination teaches such a prism in combination with all of the other limitations of applicant's independent claims, claims 1 and 22 are allowed. Claims 2-4, 8-11, 14, 15, 17, 18, 20, 21, and 24-26 are dependent on either 1 or 22 and are therefore also allowed at least due to their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
